Braai Stand Set

Print it

1. Print every page at 100% / "Actual size" (no "fit to page"). 36 pages on A3.
2. Check the 50 mm square measures exactly 50 mm.
3. Tape the pages together using the corner marks (page order is printed on each page).

Build it

1. Glue a rib into each leg, fold the legs into square posts round them and glue them on the corners of the bottom shelf.
2. Fold the fire bowl, glue its tabs, fold the hem inside the front rim and sit it on the legs. Fold the lid's skirts down and their hems in: the lid opens and closes on its hinge.
3. Drop the coals in. Fold each grid double (the bars line up), then fold the toeklaprooster at its hinge so the top grid swings over the bottom one.
4. Fold the food: chops, sosaties, mielies, rolls, the potjie and the coil of wors, and the braai board double. Now braai!
