bhoksi

Cape Point Lighthouse 3D Puzzle

Print it

1. Print every page at 100% / "Actual size" (no "fit to page"). 4 pages on A3.
2. Check the 50 mm square measures exactly 50 mm.
3. Tape the pages together using the corner marks (page order is printed on each page).

Build it

1. Fold the sea plinth (a tray turned over) and glue its corners: the Atlantic is at the front, False Bay at the back.
2. Fold the rib in half and glue it upright down the middle of the ridge's base, then fold the ridge shut round it and glue it on the sea.
3. Fold the summit and glue it on the flat top of the ridge. Fold the little funicular station and glue it on the shoulder.
4. Roll the tower, fold the eight black deck triangles in to close its top, and glue it on the summit.
5. Roll the lantern, close its red dome and glue it on the deck.
