# Union Buildings 3D Puzzle

## Print it

1. Print every page at 100% / "Actual size" (no "fit to page"). 5 pages on A3.
2. Check the 50 mm square measures exactly 50 mm.
3. Tape the pages together using the corner marks (page order is printed on each page).

## Build it

1. Fold the garden plinth and the terrace (both are trays turned over) and glue the terrace on the back of the gardens, its staircase facing you.
2. Fold the two wings: walls, gable ends and the red roof close round each one. Glue them on the terrace marks.
3. Fold the two square towers and glue them between the wings, then roll each drum, fold its dome shut and glue it on a tower top.
4. Fold the curved colonnade with its cornice and glue its floor tab on the terrace so its two ends meet the towers.
